**(12 PT BOLD) TITLE NOT EXCEEDING THREE LINES
– WRITTEN WITH CAPITAL LETTERS**

Abstract

Abstract contents in English – no more than 10 lines, Times New Roman 9 pts, justified. Line spacing should be 1,0 (single). The paper abstract should describe the scope of the paper, the main results and conclusions without bibliographical references.

1. INTRODUCTION

Text – 10 pt. Paper size – A4 portrait orientation, margins: top – 5,7 cm, bottom – 4,2 cm, inner – 4 cm, outer – 4 cm, gutter – 0 cm, header – 2,7 cm, footer – 1,25 cm, mirror margins – do not use own automatic settings and macros. Please apply proposed styles.

Different headers: for the first page of a paper leave without changes (i.e. with information about conference). In headers of even pages – type full names of authors (max. 2). In headers of odd pages – type title of paper (max. 1 line, in case of longer titles – type a beginning of title ended with three dots...).

**2. SECTION TITLE
NOT EXCEEDING TWO LINES**

Cross-references to other publications should be inserted in square brackets [1], bibliography items should be arranged in order of appearance.

Formulas should be written in italics and centered. Use parentheses to avoid ambiguities. Be sure that the symbols in your equation have been defined – font Times New Roman 9 pts, italics. Spacing between the text and the line with equation should be 10 pts. All equations must be numbered consecutively throughout the text in parenthesis, separately for each, e.g.:

3.2.2. Subsection title

Tables and figures should be centred and prepared with grey scale. Text in the figure should be readable and written with Arial 8 pts. Figures must be numbered in order of appearance in the text. Figure captions (9 pts) must be placed below the figures. Spacing between the text and the figure should be 12 pts. The same distance should be preserved between the figure caption and the remaining text.
